

Jeff Reynolds

South Region Board Member

Jeff has been engaged with CCNC since 2009 and has been a CCNC board member on and off during this time. He is the Chair of the South Regions Communications Committee, participates on the Public Safety Communications Sub Committee, and this CCNC Training Committee. Jeff is a firm believer of radio user training, that operating the radio doesn't have to be hard, and that we have not used radio communications to its fullest potential.
